

80326 E Protection Fitting

Public - steel - narrow - with interior button

Product profile

Battery-operated electronic security plate for interior and exterior solid-leaf doors.

Opening and closing from outside take place with contact reading of the RFID-medium.

Door opening is always assured with the interior lever handle; EN179-compliant with suitable lever handle.

Additional functions (such as anti-gunman function) can be activated by pressing the electronic button integrated in the fitting.
